Great.

Our Address: 1200 Pennsylvania Avenue, NW - Room 3412 Ariel Rios North, Tel # 202-564-4711

Directions: If you come by Metro the Federal Triangle metro stop is directly below the building entrances. You would leave the metro station and go up all three sets of escalators and then do a quick small U-Turn and the North Lobby entrance is directly to your left (Glass Doors -EPA Signified on Glass).

If you are coming by taxi, you would want to be dropped off on 12th NW, between Constitution Ave and Pennsylvania Ave. It is almost exactly half way between the two avenues on 12th. From 12th Street, facing the building with the EPA and American flags, walk toward the building and take the glass door on your right hand side with the escalators going down to the metro on your left. This again will be the North Lobby of the Ariel Rios bldg.

Once inside the building, security will prompt you to scan all items such as bags, coats etc., and then let the guards know that you were instructed to call at 564-4711.

How many will be coming so I can make sure we have enough seating, etc and would you please give us a telephone number in case we need to call you. Thank you.

I

Ann:

FYI, Rick Parkin (R10) spoke with the requestor for this meeting, Lisa Reimers, yesterday and she clarified that she will be in DC Feb 6-8. Her letter requested a meeting with LPJ in "late January" but it now appears to be early February.

Please let us know if there are any details we should pass along to Ms. Reimers at this time regarding our response to her meeting request.

Thanks, Palmer

Subject: Pro-Pebble Tribal Reps request meeting with LPJ in DC in late January

Denise/Dave/Ann:

Representatives from the Bristol Bay Tribal community that are pro-Pebble have requested a meeting with LPJ sometime in late January here in DC, see attached request letter.

The proportion of the Tribal community that is pro-Pebble appears to be quite small but they are also quite vocal. They have repeatedly expressed their disappointment that LPJ did not visit with them during her stop in Bristol Bay in May 2010. They have stated in numerous forums that LPJ's decision to meet with Tribal Reps that are anti-Pebble and not also meet with those that are pro-Pebble suggests that EPA is bias and will not produce an objective assessment.

A meeting with these Tribal Reps would help to diffuse this accusation and at the same time allow LPJ to hear from a group of Tribal Reps that, while small, have a very different view of the Pebble project and want to know that their voices have been heard.

Please let us know how best to proceed with this request - in light of the very short notice.

Thanks, Palmer
